

Mary has worked for the University of North Texas since January of 1993 and currently retains the position of Veterans Benefits Coordinator for the UNT System which includes UNT Denton, UNT Dallas/Law and the UNT Health Science Center in Ft. Worth.

Mary and her team work diligently with UNT Certifying Officials to ensure that all veterans/dependents with Chapter 33, Chapter 31, Tuition Assistance and Hazlewood are awarded appropriately and accurately.

Mary currently receives and processes the federal military payments for all three institutions in the UNT System. In a previous position Mary handled the reconciliations of several general ledger accounts for the student accounting office and was known as a “stickler” for finding and resolving outstanding issues.

For the past three years Mary and her team have been housed on the main UNT campus in the Student Veteran Services office with the Federal Certifying Officials (Registrar’s office) and employees from the Student Affairs Division. It has been interesting combining three divisions into one cohesive office, but it can be done!

Assisting our Veterans and their dependents is near and dear to Mary’s heart.
